

# St John Ambulance Guidance

## Scope of practice

St John Ambulance within AxielPD is a voluntary first aid service that provides medical cover only to events. St John Ambulance does not attend 999 emergency calls or 111 calls.

## General Guidance

- As St John Ambulance, you should not attend 999 or 111 calls
- You should be within the appropriate RTO frequency when at an event
- You are not advanced trained, so should only provide first aid care
- When at an event, St John Ambulance should be medically advised by LAS
- All members are first aiders, there are no supervising or lead members
- While active, St John Ambulance should remain professional at all times
- Driving standards should be of top quality
- St John Ambulance should work cooperatively with other services
